Love? Maybe. Heather Hepler

Just because Piper's birthday is on Valentine's Day does not mean she's a romantic. In fact, after watching her father and then her stepfather leave, she's pretty sure she doesn't believe in love at all. Then her friends concoct a plan to find them all Valentine's dates, and somehow Piper finds herself with the most popular guy in school. But true love never follows a plan, and a string of heartfelt gifts from a secret admirer has Piper wondering if she might be with the wrong guy.

"Readers seeking a romance with sweet, salty, and spicy moments should be entertained."
