Alaska Inspired Art Vol 1: Adult Coloring book (Inspired Art Coloring Books) (Volume 1) Brian Scott
During my first trip to Alaska I was so inspired by its beauty I created a series of artwork. My hope is that you will find the images as beautiful as I, while creating them. When my art is colored, it can take on the look of stained glass. My art style was inspired by the old method of creating silk screens over 25 years ago. People have seen many different cultural and artistic influences from around the world in my art. You will find many of the pieces emphasize negative space. In each image the negative space is just as important as the positive space. When coloring, allow yourself to explore both inside and outside the lines with a variety of hues. Let the colors flow naturally, in a way that feels right to you. There is no wrong or right way to color. The art is printed on one side of the paper. Recommend using cardstock or multiple sheets of paper to stop bleed-through to the next page. You can test on the last few pages in the book.
