Many in the West today are familiar with the benefits offered by meditation and mindfulness, and keen to understand more about Buddhism. Written by a former journalist and Buddhist monk, *Light on Enlightenment* is an accessible guide to the Buddhist teachings, offering insight and inspiration for daily life, as well as a lucid guide on the path to enlightenment.

Christopher Titmuss draws upon the experiences of real people to show how Buddhist teachings are relevant to the problems of Western society, and can exert a valuable influence on science, psychotherapy, green issues, our lifestyles and communities. *Light on Enlightenment* opens up for all of us the possibility of inner transformation and regaining control over our lives.
