Competencia estratégica para la comprensión auditiva en español como lengua extranjera (Spanish Edition) Susana Martín Leralta

Los estudiantes de español como lengua extranjera desarrollan rápidamente destrezas de comprensión y expresión escritas mientras que las de comprensión y expresión orales se limitan al uso académico de la lengua. Para dar respuesta a esta necesidad se ha desarrollado una investigación de acción en el aula que incluye la comprensión auditiva en el programa ELE para dirigir y facilitar los procesos naturales de escucha de los aprendizajes, ejercitando la competencia estratégica aplicada a esta destreza lingüística. El presente trabajo recoge el marco teórico que sustenta la investigación que se articula en tres apartados: La competencia estratégica en el aprendizaje formal de LE, El comportamiento estratégico en la didáctica de la comprensión auditiva, y La integración de un entrenamiento de estrategias de comprensión auditiva en el programa de ELE.
