With their second battle behind them, Leah Tallent and Gareth Lowery find themselves still knee-deep in hell. What should've ended with a celebration of passion wrapped in each other's arms becomes a nightmare once more, as a mysterious man demands Leah to return home, or else her beloved father will be found at the bottom of the sea.

Scrambling to figure out what's happened, Tallent & Lowery walk in on a family that has literally gone insane: A mother filled with accusations, three sisters who wish them nothing but certain death, and a frightening story of a blood-red eye that leads to a puzzle with immense repercussions. The woman named Anippe who readers questioned in *The Sapphire Storm* is back, with an item in her possession that will have Tallent & Lowery heading out on an adventure based on pure emotion and ultimate fear—where victory may just depend on their willingness to sacrifice each other.

This time out, the courageous duo has only seven days to travel to Athens where the original 'Hero's Companion' awaits. From the stage atop the Acropolis where the most brilliant minds once performed to the discovery of a location that was never even proven to exist, 'Great Mysteries' come to life as Leah and Gareth work against time in order to stop a man from attaining the power he so desperately wants.

But as she stands by the side of her own courageous warrior, Leah will soon find out that she's in the crossfire of her own father's secrets; a life of lies that's far more frightening than anything she and Gareth have faced in the past.

The time has come for Tallent & Lowery to go head-to-head with the mysterious voice from *I3*, as a villain is unveiled...and a war begins!

This is a new release of a previously published edition.
