**08: A Graphic Diary of the Campaign Trail** Michael Crowley, Dan Goldman  
A Graphic Retelling Of The Most Historic Election Of Our Time

Beyond the pandering focus groups, the billion-dollar fund-raising machinery, and the relentless myopia of the 24-hour news cycle, it was clear that something deep in the American psyche was stirring as the rumblings of the 2008 election first began. *08'* follows the epic 2008 presidential campaign and its dramatic cast of characters: the inevitable former first lady with a terrible plan to win, the freshman African-American Senator who skyrockets onto the national stage, and a former POW's handdog campaign that overcomes both a Mormon Governor and a thrice-married (occasionally cross-dressing) Mayor.

Taking its cur from campaign classics like *Fear and Loathing on the Campaign Trail '72* and *The Making of the President Series*, *08* brings politico journalism into the graphic novel form. Reflect on all the single-issue candidates, the pundits, the meltdowns, the awkward missteps, and the ruthless maneuvers of the scorched-earth campaign trail as they knit themselves into a political tale of the present-day battle for the future of America.

*From the Trade Paperback edition.*
