Morningstar Pass: The Collapse of the UFO Coverup Victor Norgarde

A fictional but unflinching and terrifying look inside the UFO cover-up, the secret government that supports it, and the world of the aliens themselves. And then, how the whole secret kingdom ends. Morningstar Pass, a book that pulls no punches and does not sheath the sword unblooded. Morningstar Pass, plunging boldly where no other book has ventured, captures the whole wonderous nightmare that the UFO experience has become, from bizarre experiments performed on helpless abductees, to horrifying mutilations, to beyond, to the world of secret government, supported by its own secret police, to the aliens in their secret bases and finally to the beckoning stars themselves. The book does this by placing the cover-up, humanity, the earth, in a real cosmos, where humanity and its passions are part of the universe, not an aberration on it. Then comes the fall of the cover-up, in a climax of violence and desperation, to leave the human race facing the multi-hued stars with eyes open, and seeking its place in them. The sands of time have run out for the cover-up, for against it, leading an army of investigators and warriors, comes Cassandra Chen, beautiful, driven, and doomed. Who can save her?
