Blender 2.6 Cycles: Materials and Textures Cookbook Enrico Valenza

In Detail

Cycles is Blender's new, powerful rendering engine. Using practical examples, this book will show you how to create a vast array of realistic and stunning materials and texture effects using the Cycles rendering engine.

Blender 2.6 Cycles: Materials and Textures Cookbook is a practical journey into the new and exciting Cycles rendering engine for Blender. In this book you will learn how to create a vast array of materials and textures in Cycles, including glass, ice, snow, rock, metal and water. If you want to take your 3D models to the next level, but don't know how, then this cookbook is for you!

In this practical cookbook, you will learn how to create stunning materials and textures to really bring your 3D models to life! Diving deep into Cycles you will learn Cycle's node-based material system, how to set-up a 3D scene for rendering, how to create a natural and man-made materials as well as the correct organization and re-use of Cycles materials to save you time and effort.

To ensure that your creations look stunning you will learn how illumination works in Cycles, improve the quality of the final render and to avoid the presence of noise and fireflies. Each chapter of Blender 2.6 Cycles: Materials and Textures Cookbook builds on the complexity of the last so that by the end of this book you will know how to create an impressive library of realistic-looking materials and textures.

Approach

Written in a friendly, practical style this Cookbook deep-dives into a wide-array of techniques used to create realistic materials and textures.

Who this book is for

This book is perfect for you if you have used Blender before but are new to the impressive Cycles renderer. You should have some knowledge of the Blender interface, though this is not a strict requirement. If you want to create realistic, stunning materials and textures using Cycles, then this book is for you!

From reader reviews:

Violet Jarrell:

The event that you get from Blender 2.6 Cycles: Materials and Textures Cookbook will be the more deep you digging the information that hide inside the words the more you get serious about reading it. It doesn't mean that this book is hard to understand but Blender 2.6 Cycles: Materials and Textures Cookbook giving you buzz feeling of reading. The writer conveys their point in selected way that can be understood simply by anyone who read it because the author of this reserve is well-known enough. This specific book also makes your own vocabulary increase well. It is therefore easy to understand then can go along with you, both in printed or e-book style are available. We advise you for having this kind of Blender 2.6 Cycles: Materials and Textures Cookbook instantly.

Earl Wright:

In this time globalization it is important to someone to find information. The information will make someone to understand the condition of the world. The condition of the world makes the information much easier to share. You can find a lot of personal references to get information example: internet, magazine, book, and soon. You will observe that now, a lot of publisher in which print many kinds of book. Often the book that recommended for your requirements is Blender 2.6 Cycles: Materials and Textures Cookbook this book consist a lot of the information on the condition of this world now. This kind of book was represented so why is the world has grown up. The vocabulary styles that writer use for explain it is easy to understand. Often the writer made some exploration when he makes this book. That's why this book acceptable all of you.

Mildred Vang:

Is it you who having spare time and then spend it whole day simply by watching television programs or just telling lies on the bed? Do you need something new? This Blender 2.6 Cycles: Materials and Textures Cookbook can be the answer, oh how comes? It's a book you know. You are consequently out of date, spending your time by reading in this new era is common not a nerd activity. So what these textbooks have than the others?

Edward Davidson:

As we know that book is vital thing to add our understanding for everything. By a reserve we can know everything we wish. A book is a pair of written, printed, illustrated or perhaps blank sheet. Every year had been exactly added. This e-book Blender 2.6 Cycles: Materials and Textures Cookbook was filled with regards to science. Spend your free time to add your knowledge about your research competence. Some people has several feel when they reading some sort of book. If you know how big selling point of a book, you can sense enjoy to read a guide. In the modern era like today, many ways to get book which you wanted.
