**The Unseen Lusitania: The Ship in Rare Illustrations** Eric Sauder

**The ill-fated *Lusitania* revealed as never before, complete never-seen artifacts from the 1982 wreck salvage and a complete salvage inventory**

Lost to a German torpedo on May 7, 1915, Cunard's RMS *Lusitania* captured the world's imagination when she entered service in 1907. Not only was she the largest, fastest ship in the world, she was revolutionary in design. Also a record breaker, *Lusitania* is now sadly remembered for her tragic loss, when she was hit by a U-boat torpedo on May 7, 1915, sinking in 18 minutes with the loss of 1,198 souls. Through never-before-seen material, expert Eric Sauder brings RMS *Lusitania* to life once again. With vivid, unseen photographs and postcards from his extensive private collection, this absorbing read will transport the reader back 100 years to a time when opulent Ships of State were the only way to cross the Atlantic.
