Cryo-EM Part A: Sample Preparation and Data Collection: 481 (Methods in Enzymology)

Cryo-EM Part A: Sample Preparation and Data Collection: 481 (Methods in Enzymology)

This volume is dedicated to a description of the instruments, samples, protocols, and analyses that belong to cryo-EM. It emphasizes the relatedness of the ideas, instrumentation, and methods underlying all cryo-EM approaches, which allow practitioners to easily move between them. Within each section, the articles are ordered according to the most common symmetry of the sample to which their methods are applied.

* Includes time-tested core methods and new innovations applicable to any researcher * Methods included are useful to both established researchers and newcomers to the field * Relevant background and reference information given for procedures can be used as a guide
