My Heart, My Horse Darlene Kemper

"On my way to a law career, I was run over by a horse!"

That's what author Darlene Kemper says about her career. What could make an aspiring pre-law student change direction and head for the hills? DNA! As she says, "If you plop out of the womb with the horse-fascination gene, there is no cure for you."

My Heart, My Horse is the fascinating story of the power of intertwined genetics shared by equines and humans. She quickly and enjoyably pulls you into her world of equine relationships-sharing the love, humor, and pain that inexplicitly connects these two species.

Have you ever watched horses gallop across a meadow and felt exhilaration beyond explanation? Have you ever dreamed of riding, maybe even sharing your life with these beautiful creatures? My Heart, My Horse is about a woman's decision to follow her exhilaration and dreams-which turned into a beautiful true-life story of great love and passion.
