The Midwives

No memory of her husband—or her child...

Ivy Walcott is a midwife. She understands the mysteries of birth, the wonder of babies—yet she doesn't know if *she's* ever had a baby. Because Ivy only remembers the last ten years of her life.

Then, unexpectedly, she learns that her real name is Gina Till. As Gina, she went missing from a West Virginia town and showed up in Colorado with no idea how she got there.

She goes back to Cullin Till, the husband she can't remember, and their daughter, Gabriela. She begins to discover that Gina Till did things Ivy Walcott doesn't like. And she falls in love with Cullen, the man she's still married to—the man whose heart she broke all those years ago....

Praise for Margot Early's previous book, *Who's Afraid of the Mistletoe?*

"Wow, does Early pack a punch... Ya gotta get this book."

—Alison Cunliffe, *The Toronto Star*
