Have you ever heard something go bump in the night and wondered if someone was there? Only to go looking for the cause of the noise and find nothing at all. Or how about unexplainably feeling like you're being watched when you're completely alone? Things disappearing for no reason or strange ghostly footsteps in the hall? This book is a collage of short stories about a few of the otherworldly experiences I've had. Although they are not movie worthy, you may find them interesting. All the stories are %100 true. Nothing has been added for dramatic effect.
