Malcontents, Rebels, and Pronunciados: The Politics of Insurrection in Nineteenth-Century Mexico (The Mexican Experience)

Behind every *pronunciamiento*, a formal list of grievances designed to spark political change in nineteenth-century Mexico, was a disgruntled individual, rebel, or *pronunciado*. Initially a role undertaken by soldiers, a *pronunciado* rallied military communities to petition for local, regional, and even national interests. As the popularity of these petitions grew, however, they evolved from a military-led practice to one endorsed and engaged by civilians, priests, indigenous communities, and politicians.

The second in a series of books exploring the phenomenon of the *pronunciamiento*, this volume examines case studies of individual and collective *pronunciados* in regions across Mexico. Top scholars examine the motivations of individual *pronunciados* and the reasons they succeeded or failed; why garrisons, town councils, and communities adopted the *pronunciamiento* as a political tool and form of representation and used it to address local and national grievances; and whether institutions upheld corporate aims in endorsing, supporting, or launching *pronunciamentos*. The essays provide a better understanding of the rebel leaders behind these public acts of defiance and reveal how an insurrectionary repertoire became part of a national political culture.
