The Secrets of Surviving Infidelity Scott Haltzman

Along with changes in the workplace and the explosive growth of electronic communications, there has been a skyrocketing rate of infidelity. Today, up to forty percent of American marriages endure the pain of a cheating partner. The media is filled with stories of married politicians finding their "soul mates" and titillating instances of unfaithful celebrities. But in the homes of ordinary people everywhere, infidelity triggers complex emotions and events that affect everyone involved. Many marriage and personal therapists have adopted a "me first" mentality, prompting hurt spouses to end their relationships. Psychiatrist Scott Haltzman, retired Brown University professor, recommends exactly the opposite. *The Secrets of Surviving Infidelity* teaches both the victim and the perpetrator of infidelity how to acknowledge their feelings, reduce their sense of despair, and begin the difficult task of rebuilding a strong relationship.

People who cheat act much like those who have other addictions, and brain scans of love-struck individuals show a dramatic increase in the release of dopamine, the same brain neurochemical associated with cocaine abuse. Haltzman does not excuse infidelity by labeling it a sex addiction; it's not orgasm that drives a partner to cheat. Instead, Haltzman coins the term "flame addiction" to describe how, like a moth drawn to the light, people feel compelled to have extramarital intimacy despite all the negative consequences.

People who have been cheated on feel shame, rage, and injured self-esteem. Many of them fear abandonment and find it hard to cope. When both partners have made a commitment to move forward together, however, Dr. Haltzman validates each person's feelings and puts them into perspective, offering sound advice on how to recover their equilibrium and reestablish a committed, trust-filled relationship.

John Bonilla:

Is it a person who having spare time and then spend it whole day by watching television programs or just laying on the bed? Do you need something new? This The Secrets of Surviving Infidelity can be the respond to, oh how comes? A book you know. You are and so out of date, spending your time by reading in this new era is common not a geek activity. So what these guides have than the others?

Hilary Winters:

As a university student exactly feel bored to reading. If their teacher asked them to go to the library as well as to make summary for some book, they are complained. Just small students that has reading's spirit or real their passion. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that looking at is not important, boring and can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this The Secrets of Surviving Infidelity can make you really feel more interested to read.
