## **Donne al lavoro (Farsi un'idea) (Italian Edition)** Maria Letizia Pruna

Le donne che lavorano sono senz'altro più numerose rispetto al passato, ma sono migliorate anche le loro condizioni? E perché stampa e televisione riportano sempre con enfasi le notizie che riguardano la presenza di donne ai vertici di aziende, a capo di un'équipe chirurgica, sul podio di un'orchestra, o alla guida di una missione spaziale? Malgrado i progressi degli ultimi trent'anni, le donne continuano a muoversi in un mondo del lavoro che non è ancora pienamente favorevole alla loro presenza, in cui le opportunità restano minori rispetto a quelle degli uomini, e nettamente diverse tra Nord e Sud d'Italia. Il libro spiega come è cambiato il lavoro delle donne e come sono cambiate le donne che lavorano, le loro aspirazioni professionali, le aspettative di carriera, e illustra i problemi che tali cambiamenti pongono all'organizzazione del lavoro e della società.
