## **Principles of Pharmacology for Medical Assisting** Jane Rice

This revised edition is a comprehensive introduction to pharmacology for medical assistants, covering basic mathematics, systems of measurement, the calculation of dosages, medication administration, and essential drug information as it relates to classification and/or effects on body systems. An emphasis on safety and delivery of professional care is found throughout the text. It covers AAMA standards and competencies for an accredited educational program for the medical assistant as outlined in the AAMA Role Delineation Study.
