**Winner of the Edgar Award: When one doctor is accused of murder, it takes another to set him free**

In the tightly knit world of Boston medicine, the Randall family reigns supreme. When heart surgeon J. D. Randall's teenage daughter dies during a botched abortion, the medical community threatens to explode. Was it malpractice? A violation of the Hippocratic Oath? Or was Karen Randall murdered in cold blood?

The natural suspect is Arthur Lee, a brilliant surgeon and known abortionist, who has been carrying out the illegal procedure with the help of pathologist John Berry. After Karen dies, Lee is thrown in jail on a murder charge, and only Berry can prove his friend wasn't the one who wielded the scalpel. Behind this gruesome death, Berry will uncover a secret that would shock even the most hardened pathologist.

This ebook features an illustrated biography of Michael Crichton including rare images from the author's estate.
