True Knowledge of the Christ: Theosophy and Rosicrucianism - The Gospel of John (The Collected Works of Rudolf Steiner) Rudolf Steiner

In the two lecture courses featured in this volume, Steiner presents a radical new paradigm. Tackling the central dilemma of modern civilization – the polarisation of science and spirituality – he seeks to broaden natural science through a comprehensive spiritual science. Rather than harking back to old spiritual forms or religions, Steiner’s approach is based on a conscious and systematic intensification of thinking and perception.
